Summary

Upon enrolling in General Sir John Kotalawala Defence University to pursue my undergraduate studies in the Faculty of Computing, I have been actively engaged in academic pursuits and project undertakings relating to a range of Engineering and Information Technology disciplines. I subsequently attained a Master of Science degree in Cyber Security from the Sri Lankan Institute of Information Technology, and am currently in the final stages of completing a second postgraduate degree in Business Administration at the Sabaragamuwa University of Sri Lanka. My professional aspirations are centered on a desire to combine my aptitude for Information Technology with my interests in teaching and public engagement, with a view to improving the education of young people in the world and cultivating an active workforce for the world's betterment.

Eselling Company, replacement for Sri lankan business purposes.

We do advertisng on Vehicles , Houses, Lands, and Business premises .

At today's business society we find a great vaccume in advertising firm. People dedicate much effort and money for these purposes unnecessarily becuase of the less feed back from the service suppliers. So our mision is to supply the customer a well satisfied service including less effort, easy , cheap, a good response from the dealers.

At the same line we supply thousands of our daily visitors a mass series of fully detailed properties to choose the best. We give our dearest customer a well trustful service and we assure that we will be with you in your journey to the success.
