Sachith Gunasekara

Data Science Intern at Surge Global | BSc (Hons) Undergraduate in
Computer Science at University of Kelaniya Sri Lanka
Kelaniya, Western Province, Sri Lanka

Summary

Sachith Gunasekara is a Senior Undergraduate at the University of
Kelaniya, where he is pursuing a BSc (Hons) in Computer Science.
He has experience teaching ICT and programming languages for
beginners. He recently achieved second prize in the IEEE P2834 -
Challenge for Secure and Trusted Learning Systems organized by
the IEEE Standards Association, Industrial Electronics Society, and
Computer Society, accompanied by his two fellow teammates. He is
now a pending member of the IEEE P2834 working group. Sachith
is a proactive and curious learner with a strong interest in exploring
new software frameworks and tools. He enjoys experimenting with
them and is always eager to stay current in his field and adapt to
new technologies. He is particularly interested in machine learning
as well as the concepts of artificial intelligence and its role in all of
the Sciences.
